## New GrN Product Release

### *Radiator Silicone Hose Kit & Outlander 2.4/3.0 Radiator*

**Application:** Lancer Evolution X

**Homologation:** N5718 09/06VO October 1<sup>st</sup> 2009

Mitsubishi and Ralliart Inc. homologated for GroupN the Samco silicone radiator hose kit (4pcs) and also lager outlander spec water radiator.

Samco silicone hoses come with a lifetime guarantee and are all handmade in the U.K. used by 80% of the F1 and WRC teams.

The Outlander radiator, as per the FIA GroupN regulations has to be heavier than the original fitted Evo radiator, but due to its larger size will help reduce engine running temperature, which is certainly an advantage in the Middle East climate. Extra weight: 1.1kgs

<b>TCS-383/C</b>	Evo X Coolant Hose Kit (Blue) 4pcs	AED 633.00
